INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1960 edition of the Clinton City Directory, which also includes the Rural Route Residents.

This is the first Hill Directory of Clinton and is completely standardized according to the policies and practices of the Association, of North American Directory Publishers.

Confidence in the growth of Clinton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Clinton to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Clinton Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Clinton, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Clinton, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the named streets are arranged in alphabetical order; the number of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Clinton and vicinity.

The Clinton Out-of-Town City Directory Library

Through the courtesy of the publishers of the Clinton City Directory, a Directory Library is maintained in the offices of the Clinton Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Clinton, North Carolina

Clinton is a city of an estimated nine thousand population, located in Sampson County, in the eastern part of North Carolina. Clinton is the trading center for a wide agricultural area, having also, industrial plants, which give employment to hundreds of workers in the manufacturing of radio electronic parts, furniture, tobacco oil curers, home heating units, automobile parts, lumber, fertilizer, children's clothing, pleasure boats, and ice cream. A meat packing plant established in 1950 now processes 4,500 hogs or more each week. Farmers in the area are paid close to eight million dollars yearly for hogs slaughtered by this firm. This firm employs two hundred people on a full time basis. A modern poultry processing plant furnishes employment to many people.

Clinton is proud of its auction produce market with office buildings, grading sheds, storage rooms, cotton platforms, and poultry and egg market, covering a ten acre plot, which is owned by the city and leased to a group of produce brokers. Its livestock and vegetable markets are among the largest in the state.

A tobacco market was established in 1945. The market sold twelve million, four hundred forty-seven thousand, one hundred thirty-two pounds of tobacco at a price of seven million three hundred ninety-eight thousand, forty-nine dollars and twenty-four cents in 1959.

One of the oldest cotton markets in the state is located in Clinton.

Our shopping facilities in Clinton are excellent. The stores and shops in the city are modern, attractive, offering brand

named, quality merchandise. The Chamber of Commerce and the city maintain two large free parking lots for people to "Park and Shop in Clinton."

Two outstanding financial institutions serve the city and county; The First Citizen Bank & Trust Company and The Scottish Bank. The First Citizens Bank has two branch offices within the city limits. The Clinton Building & Loan Association has assets of approximately $3,646,500.36.

The Rufus King Hotel and two motels offer quality accommodations.

Radio Station W. R. R. Z. (1,000) watts, is affiliated with The American Broadcasting Company.

Sampson County Memorial Hospital

Telephone service is provided by The Carolina Telephone & Telegraph Company with over three thousand telephones in use in Clinton.

There are four arrivals of mail and four dispatches of mail daily. Adequate mail service is provided. Postal receipts in 1958 totaled $80,049.16.

Clinton has the City Management form of government. There are four commissioners and a mayor. Under this system the mayor is the chief Executive Officer of the town and the City Manager is the Chief Administrative Officer and is responsible directly to the Board.

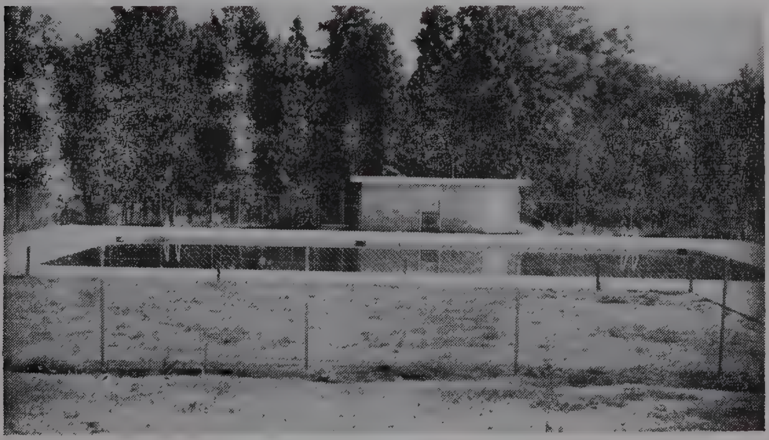
The police department is under the direct control of the mayor and the Board of Commissioners.

The Sampson County Board of Health is composed of the Chairman of the County Board of Commissioners, the Mayor of Clinton, the Superintendent of Sampson County Schools, a medical doctor, a dentist, a druggist, a layman at large. The Secretary of the Board is the County Health Officer. The Health Department consists of two Sanitary Inspectors, three Clerical and Statistical Workers and five nurses. Their responsibilities include general superficial health check and immunization of all school children in Sampson County. The Board of Health is housed in a new Health Center on the grounds of Sampson County Memorial Hospital.

The Sampson County Memorial Hospital is a modern one hundred bed hospital, constructed in 1950. Since that time a new wing for the x-ray and radiology has been constructed. The hospital is fully accredited and offers the services of all specialists. The hospital has served one of the greatest needs of the county and its operation has been phenominally successful.

The Library has over 23,630 volumes. A central library, two branches and a bookmobile serve the city and rural areas adequately.

Clinton's educational facilities rank favorably with any in the state. We have five schools within the city, two high



City Swimming Pool

schools, three elementary schools, with a total enrollment of 3,301 pupils. Current average daily attendance is 3,091. Clinton has two excellent kindergartens. In nearby Salemburg in Sampson County, are located Edwards Military Institute and Pineland College.

Clinton has a year round supervised recreation program. A public park is the site of Little League Football and Baseball competition. The Clinton Recreation Commission is supported by public subscription and is responsible for the recreational program. The Citizen's Athletic Council is the organization which works with the schools in building a superior high school athletic program. This program has produced teams in football, baseball and basketball who have gone far in state finals. Many college scholarships have been awarded to outstanding players on these Clinton teams.

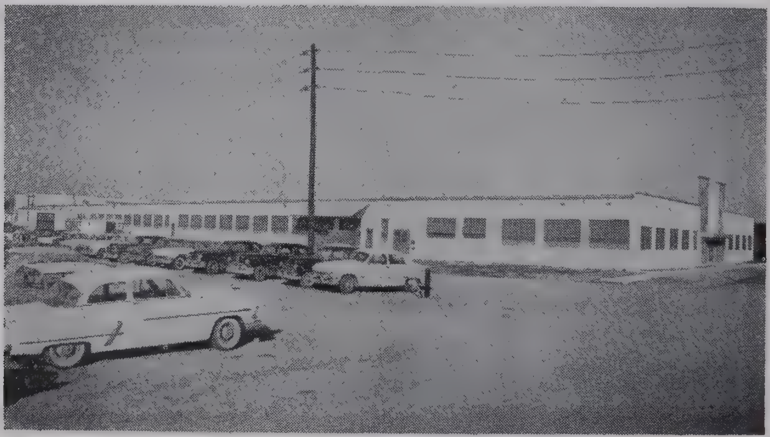
Clinton has two theatres, a swimming pool, a country club, a beautiful rolling golf course and a Teen-Age Building for its youth.

There are the Chamber of Commerce, Junior Chamber of Commerce, Rotary, Lions, Kiwanis and Exchange clubs; Junior and Senior Woman's Clubs, Study Club, Five Garden Clubs, Business and Professional Woman's Club, Masonic groups, and other social and cultural organizations.

The Fire Department of the city is a volunteer department. Equipment is modern and fire loss has been negligible in the past.

Many municipal additions and improvements are being made in Clinton. A new City Hall is under construction. Many miles of streets have been paved recently and many narrow streets are being widened.

Clinton is noted for its active religious life. Among the denominations represented in our city one will be welcomed by members of the congregations of Southern Baptist, Methodist, Presbyterian, Episcopal, Catholic, Universalist, Pentecostal Holiness, Church of God, Free Will Baptist, Free Will Holiness, Church of Latter Day Saints and Jehovah's Witnesses.



C. M. Hall Lamp Company

Clinton, although commonly known as an agricultural community, is now a growing industrial city. In 1958 the city won outstanding recognition and a bronze placque for outstanding progress in Industry. We have four new industries to add to our present manufacturing.

To visit Clinton, North Carolina brings the desire to live in Clinton. To live in Clinton is to love it. To catch the "Spirit of Clinton" which is predominant, brings the progress which we enjoy-" The Most Progressive Town In Eastern Carolina."

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them, to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1. An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
2. A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
3. A *Classified Business Directory* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
4. A *"Yellow Section"* or *Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.
5. A *Statistical and Historical Story* of your city; plus miscellaneous other information.

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Out of Sight - Out of Mind
★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

Out of Sight - Out of Mind
Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

* * *

The City Directory is the natural medium for keeping a business or product name in the spotlight. **INSIST ON BEING WELL REPRESENTED IN ITS PAGES.**

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is **up** among regular subscribers.

HILL'S

CLINTON

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1960

Copyright, 1960, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return". In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

DIRECTORY ADVERTISING BRINGS SATISFACTORY RESULTS!

Out of Sight - Out of Mind
★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

Out of Sight - Out of Mind
★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

*

The City Directory is the natural medium for keeping a business or product name in the spotlight. INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

"A Real Necessity in Every Office"—The City Directory

A STATEMENT

OF

ADVERTISING PRINCIPLES

1. **Good Advertising** — aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
